

OBD2 scan record

Copy the exact codes before clearing them. Keep a copy for your mechanic.

Fill this in while parked. Print it or use the PDF fields.

Vehicle and scan

Scan date and time

Vehicle year, make and model

Odometer and units (mi or km)

Adapter and app or scanner used

What you noticed and when it happened

Codes exactly as displayed

Use the displayed status: Stored, Pending, Permanent or Unknown.

Code	Reported status	Your notes

Saved scan or photo filename and questions for your mechanic

Keep a copy before clearing. Clearing does not fix a fault or erase permanent codes.

This blank sheet is free. Axlyne's in-app PDF/CSV exports are part of Pro.

Axlyne for iPhone and Android

Free basic reading and clearing, no account needed. A compatible ELM327 Bluetooth LE or Wi-Fi adapter is required and sold separately. Support varies by vehicle and adapter.
